## PRIMARIES LEAD BY SEN. SMITH AND McADOO; BIG VOTES

### MA FERGUSON CLIMBING INTO BIGGER LEAD

#### Prohibition Issue Of Primaries In Two States

By The Associated Press  
Prohibition figured as a major issue yesterday as California and South Carolina nominated senatorial and congressional candidates for the November elections.

South Carolina Democrats nominated six congressmen. In California 178 persons sought 20 congressional seats.

California had a record registration of 2,658,830 for its primary, in which William G. McAdoo, former treasury secretary, vied for the Democratic senatorial nomination with Justus Wardell, head of the unsuccessful Roosevelt slate of candidates in last May's presidential primary. On the Republican side Senator Samuel M. Shortridge sought re-nomination for the seat he has held 12 years.

McAdoo's Stand  
McAdoo has expressed himself as not adverse to a prohibition referendum. Wardell espoused repeal. Shortridge, standing in its primary, with his party's re-nomination plank, was opposed by Representative Joe Crall and the Rev. R. P. Shuler, prohibitionists, and Tallant Tubbs, wet state senator.

With 948,000 ballots counted from last Saturday's Texas runoff primary, Mrs. William G. McAdoo, former treasury secretary, vied for the Democratic senatorial nomination in first tabulated returns tonight.

California Return  
For the Republican nomination 23 incomplete and four complete precincts out of 10,531 gave:

State Senator T. L. Tubbs 497; Robert P. Shuler 433; Representative Joe Crall 418; Senator Samuel Shortridge 222; and Leo V. Youngworth 122.

For the Democratic nomination 25 precincts, 23 incomplete gave:

William G. McAdoo 433; Justus Wardell 133; Robert P. Shuler 131; E. M. Abbott 17; Maurice M. McCarthy 15; Annie Riley Hale 5.

Smith is a candidate on both Republican and Democratic tickets.

Columbia, S. C., Aug. 30.—(P)—Senator L. D. Smith, veteran incumbent, jumped into an early lead over his three opponents for the senatorial nomination tonight as unofficial returns were tabulated from today's Democratic primary.

With 947 precincts reported of 1,446 in the state, Smith had a total of 64,371 votes.

His second place was Cole L. Blease, former senator and twice governor, who had 48,676.

## GREAT SPEEDS PREDICTION OF RECORD HOLDER

### Haizlip Returns To Cleveland After New Mark

By B. L. Livingstone,  
Associated Press Staff Writer.  
Cleveland, Aug. 30.—(P)—Jimmie Haizlip, new speed king of the National Air races, tore in from New York at a 238-mile an hour gait today and plunged into predictions and plans for more and more speed.

Haizlip, his shirt wringing wet after his flight from New York, where he landed yesterday with a new transcontinental record of ten hours, nineteen minutes, mopped his brow and said the Atlantic and Pacific may possibly be brought within eight hours of each other next year.

"In the high speed trophy race Labor Day, I expect the winning speed to be near 260 miles," he said. "He will be one of the contestants, but said the first several minor adjustments would have to be made on his trans-Atlantic speedster, including a different setting of the propeller, before he would try the four-way wash over a three-kilometer course."

Mrs. Mae Haizlip, a noted pilot in her own right, was first on the field when her husband's powerful low wing monoplane roared to a landing. She greeted him with a kiss and then ducked under a wing of the plane when photographers closed in.

"It's Jim! Show—let me out," "Well," observed the sun burned speed flier, "if you want a thing bad enough and live long enough to get it, you usually manage. I did and I did."

Congratulating Haizlip were Senator Hiram Bingham and Mrs. Amelia Earhart. Putnam.

"It was just a breakfast hop compared with yours," Haizlip said to Mrs. Putnam, who smiled but shook her head.

There isn't much chance though of Haizlip's trans-oceanic flight for the time being, Mrs. Haizlip said.

Aside from Haizlip's arrival, the army was the center of attention at the races while the high speed kings were grooming their mounts for the annual assault to come later upon world marks.

Only one flier took to the air for the qualifying round for the Labor Day trophy race. He was Ben O. Howard, Chicago and Kansas City air mail pilot, who wheeled his little bi-plane, with a propeller out of its circuit, whizzed two times each around a hangar and after a few warming up over the three kilometer course for an average of 204.068 miles an hour.

His speed was good enough to qualify for the Thompson International race, a short hop of the world mark of 278.48 miles an hour, which is expected to be broken this year.

Major James H. Doolittle, whose 1931 transcontinental record was broken yesterday by neighbor "Jim" Haizlip, said "est hop" in his barrel-shaped red and white monoplane, but did not negotiate the three kilometer course.

Haizlip and Roscoe Turner, of Hollywood, Calif., both members of the team of James Wedell, of New Orleans, planned to put their mounts on the course later in the week.

Turner, who also beat Doolittle's time in the transcontinental dash yesterday, but failed to equal Haizlip's speed, arrived from New York a few minutes after Haizlip.

### Crowd Swarms Court Room To Hear The Opening

Chicago, Aug. 30.—(P)—A swarming, tittering, gossiping crowd swarmed into the courtroom of Chief Justice Harry M. Fisher's courtroom today to hear accusers and defenders tell why pretty Mrs. Dorothy Pollak killed "Poor Joe."

"Poor Joe" she had called the husband whom she shot.

Now, in the witness stand, the brunette had color to her trial for murder.

Outside, thermometers registered mid-nineties. Inside, it was stifling. Curious crowds milled about the corridors of the criminal building, kept moving by extra details of 25 balliffs.

The young wife, 17 years the junior of her husband, had killed him with a single pistol bullet last July 27.

"The police reached the home five minutes after Pollak was shot," said the prosecutor. "She told the police: 'I shot my husband.' They found his body lying between the living room and the bedroom. The room was not in disorder. Her clothes were in order and she bore no marks of violence. There were no signs of a struggle."

And the defense:

"She shot him to save her own life. This girl shot in self-defense after a long series of abuse."

Her defender, W. W. O'Brien, said he would like a jury of women for his client, but this is impossible under Illinois law. When asked whether she preferred a trial by court or by jury, therefore, Mrs. Pollak quietly expressed her preference to have the judge himself weigh her guilt, and Chief Justice Fisher began the trial forthwith.

Still searching for a missing witness Simon Mysza, father of the defendant, the state indicated it could proceed without him. Mysza witnessed the slaying, and the prosecutor said an assistant state's attorney would testify that Mysza, who speaks only Polish, came to the police station and upbraided his daughter for killing Pollak, but was told to "shut up."

Only once has Mrs. Pollak left the county jail since her arrest.

Tearfully she had pleaded with the police to let her attend "Poor Joe's" funeral—she "wanted to make it up to him." They let her go, closely guarded by deputies; she sent a huge floral piece, and tried to throw herself upon the grave.

The state has hinted that the death penalty will be demanded, but no word of punishment was brought into the opening statement today. Only one witness was called: Frank Cepulski, husband of the woman whom Mrs. Pollak accused of winning her husband's love. He testified Mrs. Pollak had called upon him the afternoon she shot her husband. She had asked him where "Joe" was.

"I said 'I don't know,'" Cepulski testified. "She asked: 'Where is your wife?' I told her my wife was at her brother's house three days. Then she said: 'Every time your wife is out my husband is away. I'm going to get through with him today.'"

At the close of the brief court session, the state dismissed charges necessary to murder against Mrs. Victoria Schultz, cousin of Mrs. Pollak and witness to the killing. She promised to stand by to appear as a court witness.

### START TRIAL OF MRS. POLLAK FOR SHOOTING MATE

ARRESTED AFTER THEFT

Earl Williams and Wilbur Hammond were arrested by police yesterday on a charge of stealing a number of curtains from the Van Houten home on South Main street. Seven curtains were stolen on August 19, but some of them were recovered.

### RADICALS LEAD FARM STRIKE IS O'NEAL CHARGE

Chicago, Aug. 30.—(P)—Edward A. O'Neal, president of the American Farm Bureau Federation, today charged the Midwest farm strike for higher prices "is sponsored by a limited group of misguided farmers with whom have become associated radical agitators."

O'Neal, announced in a statement denouncing the strike that he had written letters to officials and members of 100 Iowa county farm bureaus urging them to take no part in the movement. He urged that farmers "battle with ballots" for the farm bureau program instead.

"It is my firm conviction that methods used in the present instance can not meet with general success," O'Neal stated. "Upsetting a few loads of milk and preventing farmers from hauling their produce to market can not right the wrongs from which we are suffering."

"Wherever violence occurs, public sympathy for the righteous cause of agriculture is lost." We recognize farm people are minority group in this country and that fair play is going to be assured us only as other groups are brought to realize the justice of our cause."

The farm bureau president issued the statement and announced sending of the letters after a consultation with Charles E. Hearst, president of the Iowa farm bureau federation. The latter urged farmers to "put an end to hysteria and bring reason to bear."

O'Neal said he was sympathetic with objects sought by the farm strikers, but believed the farm bureau's "definite and practical program for the rehabilitation of agriculture" is the only sound plan yet devised to increase agricultural prices.

## Scientists Tell What To Look For In Sun's Eclipse This Afternoon

Boston, Aug. 30.—(P)—Seeing the eclipse through astronomers' eyes—a preview of what they expect to look for tomorrow afternoon—was gathered from a score of scientists tonight.

First comes the mystery of the corona, a halo of pearly light which will flash out as the main show to the eyes of 10,000,000 spectators.

Astronomers think the corona is a stream of gases and hot particles, shooting outward from the sun's surface, at speeds of 1,000 miles or more a second.

But these streamers, millions of miles long, are particles in a different state than anything known on earth. They seem to be mixed up with electric storms, and with rays of ultra-violet and infra-red.

Fire Diamonds

Why they give light and its peculiar nature will be studied by nearly every one of the scientific expeditions, whose count tonight was 46.

"Daily's beads," a crescent of "fire diamonds" rimming one edge of the sun just before and just after the moon completely obscures it, are expected at tomorrow's eclipse to receive their final explanation.

They are usually attributed to patches of the sun shining through mile deep valleys on the edge of the moon, depressions formed by moon mounting more than 6,000 feet high. There have been other, more intricate explanations, the solution is the special task of two Polish astronomers, who have rigged a "slow motion" camera to catch hundreds of "shots" of the quickly disappearing beads.

The positions of the moon's valleys are well known to astronomers. The slow motion pictures are expected to show whether the beads appear exactly where the moon valleys lie. The poles are Prof. T. Banachiewicz of Cracow and J. Witkeleski of Posen.

Green Light

"Coronium" will show its queer green face again tomorrow in the spectroscopic faces of the astronomers' glass prisms. Coronium is something unknown in the corona, which gives a green light. It was thought to be a new chemical element unknown on earth. Recently the same green line was discovered in the aurora borealis. Now it is suspected to be oxygen mixed probably with some other well known atoms, which emits a novel kind of light. Chemists and physicists the world over would like to know more about the peculiar conditions which produce this coronium.

The "flash" spectrum is another brilliant display, visible unfortunately only in astronomers' spectroscopes. It is the light from the lowest layer of the sun's blazing atmosphere, estimated at 1,000 miles deep. The astronomer who first saw it compared the sight to thousands of bursting rockets of all colors.

M. T. C. SECRETARY DIES

Chicago, Aug. 30.—(P)—Dr. George Francis James, 55, national executive secretary of the Military Training Camps Association, died last night after a sudden illness. He was a native of Normal, Ill., was educated at Northwestern University and the University of Michigan and during the war was assistant educational director of the A. E. F. His widow, a son and four daughters survive.

### DAVIS PLEADS NOT GUILTY TO LOTTERY CHARGE

#### Fraternity Officials Face Prosecution On Charge

New York, Aug. 30.—(P)—James J. Davis, United States senator from Pennsylvania, waited his turn at the federal building today to plead not guilty to indictments charging him with conspiracy and distribution and sale of lottery tickets.

Theodore G. Miller, co-defendant with Davis and executive in the Loyal Order of Moose, entered a similar plea. Bail of \$1,000 was furnished for each, and the trial date was fixed tentatively for September 19.

Senator Davis and Miller were not in court when their cases were first called. When they came, a long list of petty cases were being taken up and they waited for some time until their turns came again.

"It can be speedily demonstrated that Senator Davis is entirely innocent of these charges," said a statement issued in his behalf later by his attorney, Charles T. Tuttle, former United States attorney, and Charles J. Margiotti, of Pittsburgh.

"The distinguished service of Senator Davis to the Loyal Order of Moose and to the country, in the founding and upbuilding of Mooseheart and in promoting the sense of fraternity among men, puts his character beyond the reach of suspicion and is itself a refutation of these charges."

As the senator left the court room, he was asked if he would say anything about the request of Governor Gifford Pinchot, following his indictment, that he withdraw from the senate race in Pennsylvania.

"No comment," he said.

The Davis and Miller pleas followed those of five other men and the Western Union Telegraph Company last week in connection with the lottery case. Federal investigators charge that lotteries were conducted by fraternal organizations for charitable projects.

Those who pleaded earlier were Conrad H. Mann, of Kansas City, Mo., head of the Fraternal Order of Eagles; Frank E. Herrings, M. J. Revisie, Bernard C. McGuire, of New York and Aurora, Ill., and Raymond Walsh.

McGuire and Walsh entered second pleas of not guilty today to indictments naming them with Davis and Miller. Their bail previously posted was allowed to stand for the additional charges.

Peru, Ill., Aug. 30.—(P)—Josephine Boyle, church organist in La Salle for 40 years, composer of an Ave Maria and other musical numbers, died today.

## HINDENBURG IMPEACHMENT REICH DEMAND

### Nazi Named Head Of Body In Opening Session

By Louis P. Lochner.  
Berlin, Aug. 30.—(P)—The first session of the new reichstag opened today with a communistic demand for impeachment of President Von Hindenburg and the entire cabinet, and closed under threat of imminent dissolution.

Frau Clara Zetkin, 75-year-old "grandmother of the revolution," who occupied the speaker's chair by right of seniority when the session began, declared that the president and the cabinet responsible to him had violated the constitution and deserved being ousted.

When she had completed her vitriolic indictment of the existing regime, the reichstag selected as its permanent speaker Hermann Wilhelm Goerring, a national socialist leader who has been associated with Adolf Hitler ever since the beer cellar party of 1922 and who was cited for valor as commander of the famous Von Richtofen flying squadron during the war. This is the first important office in the national government to be won by a Nazi.

As the session was breaking up, the Associated Press learned authoritatively that President Von Hindenburg has provided Chancellor Franz von Papen with a decree dissolving the reichstag. The date of this decree has been left blank. It is up to the chancellor to decide when and if he shall use it.

This means that simply by promulgating the presidential decree Chancellor Von Papen can forestall a vote of non-confidence which would unseat him and his baronial cabinet.

Frau Zetkin's demand for the impeachment of the president was sweet revenge on her old adversary of world war days. During the war she waged a most bitter pacifist fight against the general staff and in 1915 she was indicted but subsequently released.

Not only did she hurl invective against Von Hindenburg but she openly pleaded for a Soviet Germany on Russian lines. And the house members, including more than 200 of Hitler's communist-hating Nazis, sat silently and listened.

This historic reichstag session was full of grotesque contradictions.

Although the house is clearly rightist and overwhelmingly anti-communist, there was the grandmother of the communist revolution in the chair.

Although she right hand the house looked like an anti-furor, she was the Nazis in the full regalia of their private army uniforms, this parliament of 600 members, most of them, meekly followed the orders of a frail septuagenarian whose speech was full of attacks on things held dear by the majority of listeners.

And to add to the grotesqueness, Frau Zetkin was succeeded in the speaker's chair by a representative of communist's most bitter foe—the portly Captain Goering.

## ROOSEVELT NOT TO AID HOOVER IN CAMPAIGN

### Philippine Governor to Stay At Post During Fall

Manila, Aug. 31.—(Wednesday)—(P)—Governor General Theodore Roosevelt announced today he had called off his proposed trip to the United States to participate in the Republican presidential campaign after President Hoover recommended he remain at his post.

Governor Roosevelt had planned to sail September 14. He is known to have brought pressure to bear on Republican chieftains to remain here because of important matters pending in the Philippines' legislature.

The legislature now in session is struggling with a budget balancing program and measures to reorganize the government.

Governor Roosevelt announced his proposed trip August 22. Some criticism was later voiced by Americans residing in Manila but Filipino leaders were unenthusiastic, promising to try and have important legislation ready for Governor Roosevelt's signature before he left.

It had been accepted here that Governor Roosevelt was leaving under protest.

Americans in the Philippines protested recently when Governor General Roosevelt announced his intention of coming to the United States to participate in the campaign. They pointed out he had been in the islands only a short time.

The national Republican leaders counted on the campaigning of the son of the late President Roosevelt to add color to the campaign and possibly to counteract any psychological advantage that might result to opposition through use of the "Roosevelt name" by Governor Franklin D. Roosevelt, the Democratic nominee.

## SMALL AND STATE CANDIDATES HERE THIS MORNING

### Humidity And Heat Make Life Tough in City

Chicago, Aug. 30.—(P)—Heat and humidity worked hand in hand here today to show a sweltering citizenry what a little cooperation can really accomplish.

The temperature reached a maximum of 94 at 3 p. m. (CDT), just two degrees short of the all-time record for August 30, set in 1925.

Then the humidity stepped in, rising to 82, more than twice the average, bathing Chicagoans in a medium almost like water slightly diluted with air.

There will be no respite from the oppressive temperatures until tomorrow, the weather bureau forecast. Then heat-sufferers as well as astronomers will acclaim the eclipse of the sun, a most timely astronomical event, affording some shade and coolness. There may also be showers tomorrow afternoon, said the weather man.

At Mattoon, in the east central part of the state, thermometers recorded an even 100 degrees.

## PARADE THRU CITY FEATURE OF PROGRAM

### Procession To Move At 11 O'clock This Morning

Thousands of Republicans will greet former Governor Len Small and state Republican candidates at the Morgan County Fair today. At a meeting of the Morgan county party leaders last night reports were that there will be an outpouring of Republicans from all sections of the county. The Republican county central committee has been working in conjunction with the fair association to make the day a success and if fair weather prevails a record crowd will be in attendance.

Governor Small and his party are expected to arrive shortly before 11 o'clock this morning at Alexander, where they will be met by a reception committee of Morgan county Republicans. They will then proceed promptly at 11 o'clock to Jacksonville. In addition to the Alexander group there will be a delegation formed on Hardin avenue and this section will also start promptly at 11 o'clock for the fair grounds. A large delegation will make up the group that will meet the state candidates at Alexander.

The cars which will form at Alexander and on Hardin avenue are instructed to be in place at 10:00 o'clock, in order that there will be no delay in the procession to the fair grounds. Cars will be provided at Republican headquarters at 9:30 o'clock this morning for those who desire to use them.

The parade will be north of Hardin avenue to State street and thence west to the fair grounds. Governor Small is scheduled to speak about noon, in front of the grandstand. Other candidates who will be introduced at that time include Lieut. Governor Fred E. Sterling, candidate for re-election; Senator Harry G. Wright, candidate for auditor of public accounts; C. Wayland Brooks, candidate for state treasurer; John A. Norton, candidate for attorney general; Charles W. Vail, candidate for clerk of the Supreme Court; Congressman Richard Yates, candidate for re-election; Julius Klein, candidate for congressman at large; William E. Cole, candidate for clerk of the Appellate Court; William J. Bradley, candidate for congress; William J. Lawler and Hugh Green, candidates for the legislature. Col. A. E. Inglish will also accompany the party, and the county candidates will be in the parade to the fair grounds. The candidates will meet at the Republican tent following the speaking program.

Andrew Russell, chairman of the reception committee, presided at the meeting held last night for the purpose of perfecting plans for the reception of the state candidates, and a number of the candidates agreed to assist in the plans for the reception and parade today.

Homer G. Bradney, president of the Morgan County Ex-Service Men's League, and a number of members of his organization will have charge of tickets for the day. Mr. Bradney will be assisted by Charles Wallihan, R. O. Bothwell, Howard Knowles, Harley Gill, Basil Sorrells, O. T. Botkins, Frank Foote, Ira Allen, Lee Jones and Robert Allen.

The group in charge of the sticklers for the cars includes Frank Wolfe, president of the Young Men's Republican Club, and Howard Edlen, Jack Summers, Paul Baker, Burrell Heraty, Marvin Beeley, Mervin Sloan, Alden Pires, George Stubbfield, Raymond Holscher, George Walls, Harrison Eacret, C. S. Pond, Harvey Dowling, L. G. Pond, Tom Galtens, Orville Dewese, Carl Strawn, Paul Osborne, William Winchester, James E. Hadden, Donald Roberts, Leland Ferhik, Burleigh Davenport and Paul Vasconcellos.

## HOOVER CALLS UNEMPLOYMENT MEET SEPT. 15

### Coordination Of All Agencies Aim Of Meeting

Washington, Aug. 30.—(P)—Coordination of all unemployment relief efforts for the approaching winter will be the aim of another conference called by President Hoover to convene here September 15.

While plans were going forward for the meeting today, committees were buckling down to the task of carrying out the credit expansion and share working program of the Hoover conference just concluded last week.

The agriculture department reported the farm commodity price index for August 15 was two points higher compared with July 15 and seven points above the record low in June.

To aid cotton prices, the reconstruction corporation has \$50,000,000 ready to loan the farm board and affiliated cooperatives for use in keeping cotton accumulated since 1930 off the market until 1933.

Demands for purchase of capital stock in the twelve federal home loan banks were described as substantial by Franklin W. Sort, chairman of the system's supervisory board, who said subscription books in all districts would be opened before September 15 to assure opening of the institutions (thirty days later).

A prominent Democrat, Newton D. Baker, has been named chairman of the formal organization which will be called the national citizens' committee of the welfare and relief mobilization of 1932.

Besides the president, Chairman Allee Pomeroy of the reconstruction corporation, and Walter S. Gifford, president of the American Telephone and Telegraph company, who recently resigned as head of the president's committee on unemployment relief, will address the conference.

The agriculture department attacked the rise in farm prices to gains made by wheat, cotton, rice, cottonseed, corn, potatoes, butter, wool, eggs and milk between July 15 and August 15.

## MAYOR WALKER IS ILL; MAY DELAY FOSTER HEARING

Albany, N. Y., Aug. 30.—(P)—A threat of additional delay in Governor Roosevelt's hearing of demands for the ouster of Mayor Walker of New York came today with word of the mayor's illness.

Mr. Roosevelt was informed Mayor Walker was in bed, suffering from nervous exhaustion and that whether the New York executive would ask for a second postponement of the hearing depended on his condition.

The governor on Monday called the proceedings to a halt until Friday when he learned of the death of George Walker, the mayor's brother.

Linked with the uncertainty the possible postponement brought was the news that the governor's future procedure in the case would remain undisclosed until he again called the hearing to order at the scheduled hour on Friday.

Mr. Roosevelt indicated tonight that whether he accepted any or all of the supreme court's views on his conduct of the hearing of charges against Walker would remain a secret until that time.

This had the effect of leaving Walker and his chief of counsel, John J. Curtin, without guidance in the preparation of future defense plans.

Another feature of Friday's fair will be the parade of winners in the livestock classes.

A dog "university" has been founded in Lausanne, France, to train dogs to lead blind men.

CELEBRATE THREE  
ANNIVERSARIES AT  
W. HALL SUNDAY

White Hall, Aug. 30.—(Special)—  
Three birthdays were celebrated Sun-  
day at the W. F. Houchin home on  
North Main street. Mr. Houchin was  
61, his son-in-law, William Dettewanger,  
was 34, and Mrs. Dettewanger's  
mother, Mrs. Joseph Dettewanger of  
St. Louis was 65. For the past five  
years the three of them have cele-  
brated together. The guests arrived  
at 3:30 during the afternoon and a  
potluck supper was served on tables on  
the lawn which was specially lighted  
for the occasion. There were four  
tables at play at bridge during the  
afternoon and evening. The other  
guests amused themselves in various  
ways.

Those present included: Mr. and  
Mrs. Raymond Funk and daughter,  
Beverly Ann of Winchester; Jewell

says:

To the Editor of The  
Journal-Courier:  
Bishop, Calif., Aug. 30.—Well sir,  
away up here in the mountains work-  
ing on the movies, the latest papers  
tell me of the struggle in Texas of  
two of my good friends, Governor  
Sterling and "Ma" Sterling has made  
a good governor, but this is a year  
that as the Black Crows used to say,  
"Even if you are good we don't want  
any more of you" this is a year when  
we all are just looking for somebody  
to lay our ills out.

Texas is a great state, its the "Old  
Man River" of states, no matter who  
runs it, or what happened to it po-  
litically, "it just keeps rolling along."

## Mrs. Paul Moriarty Sweeps Into Lead In Women's City Championship Golf Tourney

Mrs. Paul Moriarty, country club match play champion, swept into the lead in the city championship golf tournament for women, now being played at Nichols Park, taking a five stroke lead over her nearest competitor and placing herself in excellent position to win the first title ever offered her when the women take to the course this afternoon for their final 18 holes of play. Mrs. Moriarty, leading at the end of the first 16 holes, dropped to third place yesterday when her game began smoothly, but broke toward the end of the second nine.

In taking the lead Mrs. Moriarty established a record for the women to shoot at when she turned in the second nine in 43 strokes, the lowest recorded thus far in the tournament. Opening her day's battle to get into the lead she teared the nine hole lay-out in 45 strokes, and then clipped off two more strokes as she wended her way back through the heat and blinding sun.

With only 18 holes to go, Mrs. Moriarty has a commanding lead on the field and one that will be hard to overcome. Her sister, Miss Anne Moriarty, is in the best position to overtake the leader, finishing the day in second place only five strokes back. Mrs. Stout, by dropping 11 strokes, finished in third place six strokes behind the leader and still with a chance to come into possession of the trophy. The seventh hole, which has been a friend to women seeking birdies,

turned back all of them yesterday, but awarded them several of par figures. Mrs. Nichols had the toughest luck of the day when she missed a hole in one at the third by a narrow margin, the ball rolling up and striking the pin, and then rolling back a few inches. However, she holed out her first putt for a birdie two.

Mrs. Nichols retained her fourth position in the standings but was 14 strokes back of the leader. The results are as follows:

**DO YOU REMEMBER WAY BACK WHEN... You Used to Grease the Buggy?**

Each Sunday morning you carefully coated the axles and fifth wheel with grease. Why? Because it made the buggy run much smoother, was easier for the horse to pull, and made the buggy last longer.

The same principle applies to your automobile, for as long as there is a film of grease or oil on the moving parts of your car those parts will not be affected by wear. Resistance is also minimized, thus effecting a saving on your gas bill.

We used to pay \$100 for a buggy and protected this investment by keeping it well greased. How much more important is it to protect that \$1,000 investment in your automobile by SPECIALIZED LUBRICATION?

## Cubs 11th Straight Win Is A Gift From Giants; Ott, Cuyler Get Homers

Chicago, Aug. 30.—(P)—The New York Giants made the Cubs a gift of their eleventh straight victory today and enabled them to a season's record for consecutive triumphs. The score was 4 to 3.

With the score tied in the ninth, Waite Hoyt hit Herman with a pitched ball and then passed English and Cuyler. Critz fumbled Stephenson's grounder long enough to allow Herman to score the winning run but saved himself an error by throwing to first to catch Stephenson. Mel Ott's 29th homer and one by Kiki Cuyler were high spots in the game.

A crowd of about 23,000 watched what by comparison with recent exhibitions at Wrigley Field, was an extremely ragged affair. Lindstrom's homer opened the scoring in the sixth, and the Giants added another in the seventh when Marshall singled and reached third on Gil English's single. English tried for second, but was tossed out when Koenig cut off Demaree's throw and tossed to English. Hubbell's fly to Demaree scored Marshall.

The Cubs tied it up in their half of the seventh, with Hubbell's wildness giving them a start. The Giant south-paw hit Koenig with a pitched ball and walked Hartnett, who batted for Root. Hack ran for Hartnett and both runners advanced on Herman's sacrifice. Koenig scored. Woody English's fly and Kiki Cuyler pulled the Cubs up even with a home run over the left field wall.

Jakie May went in to pitch for Root and after getting Critz on a fly to Cuyler, started the Giants toward a score.

## RALPH HUTCHINSON WINS KIWANIS CUP

Defeats Fred Hopper 2 Up 1 to Play in Tilted Match—Is Second Time He Has Won Trophy—Turn in Good Medal Scores.

For the second time since the trophy has been offered, Ralph Hutchinson was able to place it on his mantle last night after going through a hammer and tong match with Fred Hopper yesterday afternoon at the Country Club course. The championship match is the final match of a handicap tournament begun several weeks ago. Both Hopper and Hutchinson played from scratch.

This is the fifth year for the trophy, and after being in two other homes, is back in one of the homes in which it formerly held a place of honor. Charles Wright won the cup two years. Milt Stout had it one year, and this year Hutchinson repeated his championship of five years ago to bring the title home.

Hopper turned in the better medal score of the two players, but the championship was played according to match play rules. The cards are as follows:

Hopper out—447 353 444-38  
Hutchinson out—536 445 644-41

## GRAINS DOWN WITH COTTON AND STOCKS

**By Giles L. Findley**  
Associated Press Market Writer  
Chicago, Aug. 30.—(AP)—Grain  
weekened today in sympathy with  
rationalization of the market for  
cotton and stocks, wheat suffered the  
most, running into a lot of profit tak-  
ing which made price recoveries diffi-  
cult, although buying support on set-  
backs was fairly good. Strength at  
Liverpool and Winnipeg, influenced  
by rationalization of the market, was  
generally disregarded here. Corn  
was in good demand with trade of  
the broadest volume reported for  
months. Commission houses were on  
both sides of the market with liberal  
orders. Oats were relieved of hedge-  
ing pressure and in demand. Pro-  
visions eased with grains, hogs and cot-  
ton.

Wheat closed weak at almost the  
day's bottom figures and 1 to 1 1/2 cent  
below yesterday's finish, corn 1/2-  
down, oats 1-3 off, and provisions 1/2  
to 1 cent lower.

A wave of profit taking, engendered  
by weakness of stocks and cotton in  
New York, swept over the wheat pit  
early. Heavy buying, some of it said

to come from a leading professional operator, later rallied wheat to near yesterday's closing levels, but the market was unstable and the gains were quickly wiped out. Price changes were rapid and the market was in control of professionals most of the day. Buying was fairly general on all setbacks.

Liverpool and Winnipeg were stronger because of rains in western Canada, too late to help the crop and threatening possible damage to unthreshed grain. Sentiment appeared to be considerably mixed, but traders

continues broad, the open interest is showing a further gain yesterday. The total is now 156,799,000 bushels. Two months ago the total was down around 100,000,000 bushels.

Enormous bookings of corn were made in the country and this served to check the advance but the market held firm in view of the increased hedging. Corn trade was regarded as the most general in several months with aggressive buying showing a times, attributed to professional profit taking caused recessions from the best prices of the year. Cots were mixed with wheat and corn.

Provisions eased with other commodities.

Closing indemnities: Wheat—Sept. 52¢, 54¢; Dec. 56½, 58½; May 61½, 63½. Corn—Sept. (offers) 32½; Dec. 33½, 35-35½; May 38½-2, 40½.

## ILLINOIS FARMERS TO CUT ACREAGE GIVEN TO WHEAT

Springfield, Ill., Aug. 30.—(Special)—Illinois farmers plan to reduce the fall sown wheat acreage about five per cent from that of last year, according to a state-wide survey of planting intentions made by the Illinois and Federal Departments of Agriculture. This survey of August is planting intentions indicates that the fall sown wheat acreage in Illinois will be about 1,367,000 acres or the smallest in over thirty years. This compares with 1,439,000 acres sown a year ago and the five-year average of 2,494,000 acres. The marked slump in the Illinois wheat acreage during the past two years is chiefly due to the discouraging price situation, with the menace of fly and chinch bug damage a contributing factor.

For the United States the prospective fall sown wheat acreage is placed at 39,805,000 acres compared with 40,172,000 acres sown a year ago.

lavender, and green. Each was seated in a small boat with her own flock of boy divers.

"Do you dive?" called Lottie, holding forth an American quarter. The girl in blue looked up and folded her arms.

"Sure," she said scornfully, without moving.

"Two shilling, mistress! Two shilling!" one of her escorts explained.

The doctor produced two shillings and flung them toward the girl, who arose and dived gracefully from the boat. She emerged in a moment holding the money aloft, and striking out for her boat with swift, clean-cut strokes.

"She doesn't swim as well as the boys," remarked the doctor.

"Want your money back?" Lottie's voice was ingenuously curious.

"Look who's here!"

She pointed toward the shore where a tiny boat, urged forth by small shillings held in the hands of its occupants, was leaving the quay.

The tiny figure in the perilous bark was another girl, her head flaunting a magnificent bandanna of black and white. The girl was driving her boat rapidly toward the Miranda. She was a novice at handling the bark apparently, but there could be no doubt about her eagerness to reach the steamer.

Presently an agitated parade reached the jetty, headed by a tiny, half-naked, black boy. They selected a boatsman, jumped in the boat he proffered and were after the girl. She turned her head, spied them and redoubled her efforts, splashing through the water frantically.

As she reached the foxtilla of native boats it was clear that she was an alien. The natives refused to make way for her and, tossing aside her paddle, the girl rose, poised and cleft the water sharply. Abruptly she came to the surface again and swam toward the companion ladder.

She extended a hand, caught the chain and pulled herself aboard, pushing aside the perplexed quarter-master and running up the ladder.

"Hey, come back! No girls allowed aboard!" he expostulated.

The girl paused to thrust a tongue at him and waved a browned arm toward Lottie. Just as she gained the deck the pursuers reached earshot and the girl ducked through the smoking room, disappearing down the stairs.

"More power to her!" laughed Lottie. "I wonder what's happened? Look—the old lady looks wild!"

The boat had reached the ship now and the old lady in it did indeed "look wild." Probably she was not very old. She wore the native costume of Martinique and announced that she was nurse for Mademoiselle, who had stolen a boat from a native boy and climbed aboard the boat.

"What's this, what's this?" asked the captain, appearing from the crew's quarters suddenly. "Why, Maria, what's up?"

Maria, her gold earrings jangling, was hastily climbing the companion ladder. Her long skirt was carefully held so that her beautifully trimmed undershirt would show.

"Mademoiselle, she come aboard!" the woman explained angrily. "She run away. I could not stop her!"

"Is Celeste aboard?" The captain broke into hearty laughter. "Her father and mother are aboard, you know. They are going to Demerara. What's wrong with that?"

It appeared there was a great deal wrong with it. Mademoiselle had left her home in Martinique for the purpose of spending a few months in Barbados to learn English. And to forget the American, Monsieur. You recall the American?

It appeared there was a great deal wrong with it. Mademoiselle had left her home in Martinique for the purpose of spending a few months in Barbados to learn English. And to forget the American, Monsieur. You recall the American?

Captain Lang recalled him, apparently, for he nodded.

Mademoiselle had hoodwinked the household. They had hidden her clothes that she might not board the boat, so here she was in her bathing suit. The native boy had been rudely shoved out of his little shell and he had not liked that.

Lottie watched the girl guide his boat back to shore, richer by several shillings donated by the pathetic Maria. "I wonder what will happen to the girl?" she asked the doctor amusedly. "I think I'll go find her."

"See you at tea?" asked Dr. Allen as she moved away from the rail.

"Very lively."

As she swung the cabin door open Lottie suddenly caught her breath. Celeste, still in her wet bathing suit was curled up in Lottie's rattan chair.

"You will not betray me!" she asked pleadingly.

"You'll take a chill in that suit!" Lottie said, unheeding. "How did you get in here?"

The girl pointed toward the window.

Lottie nodded. "And they told us no one could do that!"

"What's this, what's this?" asked the captain, appearing from the crew's quarters suddenly. "Why, Maria, what's up?"

# LARGE ATTENDANCE AT OPENING DAY OF FAIR

## Champion Horses Compete In Classes At County Fair

Hearts fluttered loudly last night at the Morgan county fair grounds where the bluebloods of the horse show world went on display. Champion horses from many shows displayed their prettiest, gave their best and trotted off with ribbons aplenty.

Horses from the G. Peak and Sons stables of Winchester, from the Mrs. A. C. Thompson string, and ponies from numerous stables were put on display.

Lady May, with Fred Whorton up, entered its way to a victory in the first event of the evening the five-gaited class for Morgan county horses only. S. O. Shufft ran Whorton a close race for first honors in this class, but the all-around fancy stepping of Lady May turned the tide in favor of Lady May. Mrs. F. W. Caldwell placed third in the competition which was much keener than a year ago.

Miss Helen Kintner was fourth. The purse was \$200.

Grand Fashion, with Mark Peak driving, won the rider single with appointments class which included eight of the classiest fast steppers. In this class the horse counted 60 per cent and the appointments 40 per cent. The victory of the Peak stable in this class over the stepping of Axy Watt, driven by Lloyd Teater, was greeted by a big round of applause. Axy Watt is owned by G. A. Nichols of Kansas City.

Horses from the Peak stable captured three of the money awards in this class. George Peak driving his Gay to a third place ribbon in the fast competition. Colonel Day, owned by Saddler and Cooper of Edinburg, placed fourth, and Sun Cloud, another Peak entry, driven by Vernon Putnam, won fifth prize.

**Win First Money**  
Reed Bridgford and his brilliant pair of Knight Light and Twilight sure footed their way to first money in the ponies under 58 inches and over 34 inches, hitched tandem style. A cocky pair, the Bridgford entered their finest for the edification of a delighted grandstand. Misty and Confidence, the entry of Mrs. A. C. Thompson, of Elmhurst, took second ribbon in a run-off show between the champion and the second place team.

H. Lenover of Danville drove the third place winners, Del Hampton Glory and Diplomat, horses which were in high repute here last year. Sieric and the Doctor won fourth money for the Hutchinson and Hutchinson stable of Kansas City. Mo. Belfern Mary and Belfern Katydied, driven by Jimmie Dalton, of the N. L. Litchfield stables of Mennemo, Ill., took fifth prize.

Morning Glory, the entry of G. A. Nichols, Oklahoma City, captured first prize in the five gaited stallion mare or gelding class, for a purse of \$300. Morning Glory, ridden by Lloyd Teater, who scored his second successive triumph. Racking, brilliantly, Morning Glory stole the hearts of the crowd, and cantering, trotting, and walking she was the class of the field of 11 horses that faced Judge William Lee.

The Nichols stable took second money with Matina, a brilliant red horse with a tail that fell water tumbling over a cataract. Jack Kaiser was up. Mrs. Claude Drew, one of the two women entries, won third money for the Missouri Chief from the Brookhill farms of Clarksville, Mo., and W. G. Rogers, on his own mount, Alice Anna, took fourth. Mrs. E. P.

## Reo Sexton Wins Legion Event

Reo Sexton, driven by Mrs. A. C. Thompson, stamped its way to a victory in the American Legion purse event for hackney horses, in one of the classiest shows of the evening. The neat trot, sureness of foot, and evident pleasure of doing the work well, brought several rounds of applause as the ribbon was tied. Wood Street, driven by Reed Bridgford, from his own stables, took second prize.

Bride of Onward, driven by H. C. Hutchison, from the A. C. Thompson stables, took third prize. The Peak horses, May Fair and Modern Ways, driven by father and son, took fourth and fifth prizes.

## BLACKBURN ELEVATOR BURNS

Flames swept through the F. J. Blackburn Elevator at 727 East College Avenue, Tuesday, to cause damage of \$35,000. The above photograph shows the building at a time when the fire was at its height.

## Fire In Blackburn Elevator Causes Loss Estimated At \$35,000

In one of the most disastrous fires that has occurred in Jacksonville in several months, the F. J. Blackburn grain elevator on East College Avenue was destroyed yesterday morning by flames that swept up a dust spout of the elevator from the dust room, causing damage estimated at \$35,000. Discovered about 10 o'clock, the flames quickly reached the interior of the huge building and threw sparks which ignited a home belonging to J. W. Mumber in the C. N. Wright Lumber company.

After a valiant fight which resulted in injuries to five men, Frank Sullivan and all of his fire fighting personnel and all equipment succeeded in extinguishing the flames which had created a roaring furnace by the time the fire department arrived. Eight lines of hose which numbered 5200 feet were used to stop the fire.

The firemen injured included Captain Howard Reynolds, nail in hand; Byron Campbell, nail in back; Raymond Stewart, nail in foot and George Dickerson injured by falling timber. None of the injuries are considered to be serious.

No explanation was given yesterday as to the cause of the fire. It was said that two men took a load of cobs out of the building, and that about five minutes after they left the fire was discovered.

The room containing the feed grinding machinery was not damaged seriously. Water damage and damage to the walls will be the largest loss to this portion of the building. The remainder of the building was gutted by flames, grain breaking out in the restrooms, walls and pouring out on the ground. Mr. Sparks reported that he lost a valuable set of tools.

James Allen and William Daniels, who took a load of cobs out of the elevator, said that the fire might have been caused by a backfire of the motor of the truck they were using. They did not notice the motor backfire, but there was a possibility that it had. After they had loaded the cobs, they stopped at the feed warehouse and loaded on two bags of ground feed.

William Sparks, manager of the elevator, made out the sales ticket while standing just outside the office and caught a glimpse of smoke in the building. He reported the smoke to Gus Waltman, employed in the office of the building, and then sped to the dust room, which is located under the cobs house.

Following Dust Pipe  
Discovering the dust room a mass of flames, Sparks shouted to Waltman.

Ater, Mrs. Philip Dyer, Philip Dyer, Jr., Mr. and Mrs. Frank Ball, Betty Jean Ball, Phyllis Ball, Mrs. Norine Ball, Bobby Ball, Mr. and Mrs. Sydney Smith, Mr. and Mrs. John Webb, Carl Webb, Mr. and Mrs. Lloyd Clement, Billie Clement, Ward Clement, Mr. and Mrs. Glenn Braden, Marjorie Sanders, Helen Yeck, Mrs. James Sanders, Virgil Hansmeier, Mr. and Mrs. J. B. Cooper, Mrs. Hester Abernathy, S. M. Henderson, Howard Henderson, Edgar Cooper, Mr. and Mrs. C. O. Bayless, Alma Deterding, Mr. and Mrs. Floyd Goodpasture, Helen Goodpasture, Esther Goodpasture, Mr. and Mrs. Clyde Nickel, Virginia Nickel, Doris Jean Nickel, Robert Nickel, Rev. C. C. Keur, Cornelius Keur, Jr., Anna Keur, Mrs. Clara E. Nickel, Grace Gaddis, Eileen Abernathy, R. E. Nickel, Paul Nickel, Floyd Morris, Mr. and Mrs. Jay J. Newton.

to call the fire department. Flames gathered headway rapidly, climbing up the 14 inch dust spout which runs from the dust room to the top of the elevator. The dust room was filled with corn husk and silk from ears of corn, Mr. Sparks said.

Paul Watson, another employee at the elevator, discovered the blaze about the same time and called out the fire warning. J. T. Wilson, manager of the C. N. Wright Lumber Company, immediately investigated, and reported to Mr. Wright, who immediately sent in a second call for equipment. Chief Frank Sullivan was at the scene of the blaze when the second call was made but the men in charge hastened all equipment, with the exception of the steam pump, to the scene of the fire, and all firemen who were on relief were called out.

Speedy work in throwing together eight lines of hose within a few seconds after they had received the first alarm, and having water shooting on the flames and adjoining buildings, brought results. None of the buildings in the immediate vicinity became ignited from the intense heat, although the home of J. W. Mitchell, directly line with the fire and the wing caught fire on the roof a few times before the fire fighting equipment arrived.

Thirty minutes after the firemen arrived, the flames which had been raging throughout the structure were under control. The work of getting to the fire was made doubly difficult because the exterior of the building was covered with heavy fireproof roofing paper.

F. J. Blackburn and William Sparks, owner and manager of the elevator, estimated that there were 2,000 bushels of wheat, 5,000 bushels of oats, 1,000 bushels of corn, and about 7,000 bushels of mixed grain in the elevator. Some of the mixed grain already had been ground, and sacked, but it was believed that this would be a total loss because of the amount of water thrown into the building.

The building was erected in 1917, and was capable of storing about 40,000 bushels of grain. Due to the low price on grains this year, the loss was comparatively small.

Mr. Blackburn was high in his praise of the work of the fire department. The men responded quickly to the call, and although it seemed impossible to quench the raging inferno, the firemen had the blaze under control within 30 minutes after reaching the fire, and saved all of the buildings in the neighborhood. Almost every building to the north of the elevator was subjected to a shower of sparks as a brisk south wind fanned the high elevator.

The first work of the firemen was devoted to protecting the surrounding buildings and as soon as this work had been completed, streams of water were poured on the burning building.

Fire trucks were located at the corner of East College Avenue and Hardin and the hydrant located in front of the grain office on East College Avenue.

No one heard any sound just before the blaze was discovered, and all of the employees at the elevator scouted the theory that the fire was caused by an explosion of dust or by spontaneous combustion.

Mr. Blackburn stated that he believed the loss would be covered by insurance. He said that only last week he reduced the estimate on the value of the building \$1,000. Mr. Sparks said that he had planned to load out a large part of the 7,000 bushels of mixed grain some time next week.

James Frye has returned to his home here after a pleasant ten-day stay in Camp Seymour, near Decatur.
